

Signalfigur

Standard

Fremstillet i sort 2 mm PEHD plast, monteret på en galvaniseret stålstang og kan let foldes sammen så den ikke fylder så meget. I hver ende er der monteret et 40 mm nødded for montering af line.

SMK

Er ligesom standard udgaven, men der er monteret et 50 mm nødded for montering af line, samt 2 forstærket øjer med 1/2" karabinhage for montering af ekstra styreliner.

Best. Nr. 151062 600 x 600 mm

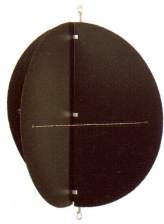

Signal shape.

Standard

Manufactured in black 2 mm PEHD plastic, mounted on a galvanic steel rod, and it can be easily folded up so it does not take up so much place. At each end is fitted with 30 mm distress ring for fitting of a line

SMK

Is like the standard version, but it is mounted with a 50 mm distress ring for fitting of a line, and there also 2 eyelets with ½" carabiner for attaching additional steering lines.
